IVAN PINTO

TRILINGUAL FINANCIAL OPERATIONS

GENERAL PROFILE

Results-oriented professional with over 5 years of experience in Financial Services, Fintech, and Account Management. Proven expertise in detailed financial analysis, account reconciliation, and high-level customer support within global environments. Fully proficient in English (C1), Portuguese (B2+), and Spanish (Native), with a strong track record of acting as a strategic liaison between international clients and internal departments (Compliance, Product, and Engineering).

Recognized for high autonomy in managing complex client inquiries, driving customer retention, and delivering exceptional service standards in fast-paced corporate settings.

WORK EXPERIENCE

Trilingual Customer Support Specialist

ARQ (DolarApp) | August 2025 – Present

- Deliver high-level technical and financial support to a global user base in English, Spanish, and Portuguese, ensuring rapid resolution of inquiries and high satisfaction rates.
- Perform deep-dive account analysis using Retool and metabase to verify financial movements, identify discrepancies, and ensure transactional integrity.
- Act as a strategic liaison between customers and internal specialized teams (Product, Compliance, Engineering) to streamline complex issue resolution via Slack.
- Manage end-to-end customer communication through Intercom, maintaining professional standards and empathetic service aligned with fintech excellence.
- Proactively contribute to operational efficiency by proposing process improvements and designing escalation workflows to optimize internal response times.

Trilingual Operations Analyst

Teleperformance, February 2025 - August 2025

- Managed and resolved client inquiries using Salesforce by executing necessary account adjustments and verifying documentation for compliance with company standards.
- Analyzed and validated account information to identify and resolve discrepancies, preventing fraud and ensuring customer data integrity

Funding Officer

Scotiabank, Dicember2022 - August 2024

- Managed the end-to-end credit cycle using the FFT ERP system, processing Accounts Payable (AP) and Accounts Receivable (AR) transactions and ensuring accurate posting to the General Ledger (GL).
- Developed and maintained daily Excel reports to perform accounting reconciliations and monitor the progress of 20+ concurrent cases, improving operational visibility and accuracy.
- Selected for an informal team lead role within 3 months, responsible for training and onboarding 5+ new agents on company software and performing Quality Assurance (QA) reviews to ensure compliance with financial standards.
- Served as the primary point of contact between clients, lawyers, and bank branches to ensure the proper validation and processing of all required documentation.
